

What's Your Reach?

BlueLaVaMedia offers three levels distribution and exposure.

Basic Tour Exposure

Includes virtual tour distribution to your website, the local MLS and your company website.

Enhanced Tour Exposure

FREE for Realtor.com showcase members. This includes distribution to your site, the local MLS, your corporate site and to 83 national real estate portal sites using Realtor.com & Internet Broadcasting. A \$25.00 add on for non showcase members and money well spent.

Maximum Listing Exposure (Now Video Enhanced!)

The BlueLaVaMedia Exposure engine is an inexpensive add-on to any of your virtual tours. We manage the syndication of your virtual tour AND your listing until closing or one full year. Your listing & tour will appear on Google Base, Craigslist, YouTube, Facebook, Trulia, Zillow, AOL Video, Google Video, Oodle, Lycos, Local, Hot Pads, Vast, Properazzi, Dot Homes and more! Listings pushed to the exposure engine receive on average 40% MORE viewings than those that are not!

Our virtual tour and listing exposure is so far ahead of our competition that you will be amazed at the traffic you're getting when your weekly hit reports come in. We'll even send you prospects as your listings generate questions and comments from interested parties. Listing and virtual tour syndication just makes sense. When you gain more exposure for your listings, they are likely to sell quicker and at a higher dollar value. Receive maximum exposure on 98 of the nation's largest real estate portal sites with the BlueLaVaMedia Exposure Engine. **Download our complete distribution list here.**
